Sprint 2 Plan

Goal: Implement basic user profile page and allow user to find and join classes

User Story 1 - (8)

As a user I want to find my classes so that I can find people in my class.
      (Task 9) List of classes (data from database)
      (Task 10) Add a new class (update database)
      (Task 11) Join a class

User Story 2 - (3)

As a user I want to create my own profile so that other people know who I am.
      (Task 1) Profile page (draw data from database)
      (Task 2) Being able to edit profile page (change data in database)
